Re: *Motorola, Inc. v. Digital Technology Licensing LLC*, Civil Action No. 07-10436

Dear Judge Bricant:

I write on behalf of Motorola, Inc. and respectfully request that the Court approve and enter the parties' agreed Protective Order, enclosed with this letter and also sent to the Clerk via email, in the above captioned case.

The parties in this litigation seek discovery of information that is highly confidential and commercially sensitive in nature. For instance, the parties, in their respective initial discovery requests served on January 18, 2008, seek confidential information such as license agreements, product design documentation, sensitive financial information and other information eligible for protection under Federal Rule 26(c)(1)(G). Motorola and DTL, as such, have conferred and agreed that the enclosed Protective Order is both desirable and appropriate to protect the confidentiality of information exchanged in this case. Accordingly, Motorola submits the parties' agreed Protective Order for the Court's approval and respectfully requests that the Court enter the agreed Protective Order pursuant to Federal Rule 26(c).

As always, please do not hesitate to contact me with any questions or concerns.
